## Welcome to the Del Mar National Horse Show

The Del Mar National Horse Show this year, as always, continues to be a wonderful balance of tradition and cutting-edge horse show competition and performance. For 72 years, our show has drawn together talented riders and spectacular horses, and is enjoyed by professionals and amateurs, as well as a growing number of first-time admirers.

Historically, we have shared perpetual trophies, individual class trophies and ribbons raising the DMNHS tradition to a premiere level, making it a sought-after event which continues to attract international and local horse-and-rider teams. We are enthusiastic about continuing to grow our show, by increasing participation and expanding the disciplines over the three weeks of competitive events. But this would not be possible without the dedicated team of people who bring this show to life.

We all know the term "it takes a village," and this can be aptly applied to the DMNHS. Let me just start with the importance of an organized barn area and daily horse stall cleaning for 21 days, which is accomplished by our Del Mar Fairgrounds Feed Store and Operations staff. Operations is also responsible for moving tons of footing in and out of the Arena each week to accommodate each discipline of the show. Moving and maintaining all this footing between events gives us safe and competitive arenas. Our production team is in charge

of the four-sided electronic board hovering overhead the Arena, offering video playback, scorekeeping, sponsor acknowledgement and live stream during the show. The Marketing department creates our prize lists, official show program and all artwork for the event. This team also buys the ads to promote the show and writes press releases to inform the media. The communications staff is in charge of call ups to the stable area informing the riders of their class times, which, if not done well, would greatly disappoint our competitors. Premier Foods, our food provider, makes sure the riders' lounge and our spectators have food and beverages, and that the VIP ringside showbox experience provides top-notch service and food for our specialty events. Accounting staff pays the bills and provides prize money. There is an organized staff of awards and trophy coordinators and a crew that handles all of the flower arranging and decorating. Also very important, our dedicated office staff is willing to take on any task at a moment's notice.

For each week of competition there is a new discipline, and with that comes an entire crew of specialized judges, stewards, office staff, volunteers, and coordinators, who are overseen by each discipline's specialty horse show manager. We could not put on this great horse show without this team of dedicated horse show enthusiasts, nor could we provide this level of event without our sponsors, who know how important the Del Mar National Horse Show is to our San Diego community as well as to our equestrian family. Thank you all for your participation!

Amy Billburg · Equestrian Manager
